WOOD PROCESSING

- The Forestry was founded in 1951 as a practical base for forestry higher education.
- The expansion of the higher education institution with the faculty of wood industry naturally meant that it was also available to the university in this new field of education.
- The wood processing of forestry has undergone significant changes in recent decades.
- In 2000, the plant expanded with another activity, as the production of light-structured large-panel prefabricated houses with the LIGNOVA brand began.

LIGNOVA HOUSES

The Lignova Prefabricated Houses are made in the Wood Processing Plant operating as an independent unit of TAEГ Zrt which has an annual turnover of billions every year.

- The company has decades of experience in house manufacturing and has been offering wood-based large panel technology products as one of the largest prefabricated house manufacturers in the country since 2000.
- It is also possible to implement your own ideas

“Everything as planned!”

Practical Education and Research

Since its establishment in 1951, the TAEГ Zrt has treated the support of practical education and research according to the company's profile as a priority task.

- The environmental conditions are excellent for study tasks.
- The 17,000 hectares of diverse forest area under its management fully represent the country's forest stands.
- The Forestry has a number of sites and facilities for study tasks

PUBLIC WELFARE, TOURISM

Tanulmányi Erdőgazdaság Zrt has:

- the second most visited park area in the country
 - the most equipped park forest per unit area.
- About one million guests visit it every year.

Sopron is a city of lookouts. The best known and most visited of the ten lookouts is the Károly-Lookout and its surroundings, which has become a symbol of the city.

ACCOMODATIONS

The TAEG Zrt. operates 4 hunting lodges.

In 2021 the company renewed an old forest house in the Hidegvíz-völgy (Coldwater valley), dedicated to the famous forestry professor Gyula Roth.

The latest accomodation, the Muck Turist House will be opened for 40 persons during 2023 April, with an amazing surrounding, close to the visitor center and wildlife park.

VISITOR CENTERS

1936, with the Endre Gombocz Natural History House.

2016 by the Kőhalmy Hunting Museum and Visitor Center, the forest adventure park and the Witch Fairytale Trail.

2021 The Forest House Ecotourism Visitor Center and Game Park.

The visitor center reflects the motto of the TAEG Tanulmányi Erdőgazdaság Zrt:

“With education on the side of nature”.

The Forest House Ecotourism Visitor Center and Game Park were established with the support of the Hungarian Hiking Association with the aim of presenting the values of the forest ecosystem. The showroom, which condenses an unmistakable forest experience, and the game park, which presents the domestic wild species of hidden life, also serve the realization of educational goals in the nearly two-hectare area. The visitor center reflects the motto of the TAEГ Tanulmányi Erdőgazdaság Zrt:

“With education on the side of nature”.
